

POLICE ORDER CLAMPS LID ON CITY

NO ELECTION ON THE FIRST POPE BALLOT

Four Ballots to be Taken Each Day Instead of Two as Has Been the Custom

FEAR CARDINAL O'CONNELL MAY NOT ARRIVE IN TIME TO VOTE

Steamship Not Scheduled to Reach Naples Until Monday Morning

ROME.—By The Associated Press.—Voting for the election of a pope to succeed Benedict XV was begun by the clergy of the Sacred college Friday. Two ballots had been taken up to one o'clock Friday, on neither of which any cardinal received a sufficient number of votes to elect.

The third and fourth ballots were taken by the clergy of the Sacred college Friday evening in an effort to choose a successor to Pope Benedict. There was no choice, however, on either ballot.

Fifty-three members of the Sacred college assembled in the historic Sistine chapel to cast their first ballots in the election of the new pope. The doors of the Vatican were closed on Thursday with the centuries-old ceremony to remain shut until the new pontiff is chosen.

Cardinal Marini, who has influenza, was taken into the Vatican before the doors were closed. It had been thought he would be unable to attend.

Take Four Ballots Daily.
Four ballots will be taken daily, instead of two as has been the rule. It is learned through the Irish college and confirmed in other quarters.

The first vote, it is thought, will be merely in the nature of a test of the drift of sentiment. Progress after that, however, is expected to be fairly rapid. Cardinal Gasparri and others having indicated their belief that the conclave will not be long lived.

There is much interest in Rome in the effort of Cardinal O'Connell, archbishop of Boston, to reach here in time to participate in the voting.

O'Connell May Be Too Late.
The steamship President Wilson, bringing Cardinal O'Connell of Boston to Rome, will not arrive at Naples before next Monday morning. The steamship company announced it had received a wireless message from the vessel, which showed this. The captain has decided to call at Algiers. It is feared Cardinal O'Connell may be disappointed as he was in 1914, when Pope Benedict was elected while the cardinal was speeding toward Rome from the seaport in an automobile.

Seek to Prevent Leaks.
Prince Chigi, marshal of the conclave and Cardinal Gasparri, the acting head of the church, have taken precautions to prevent the results of the various ballots from leaking out before the conclave is over.

The need for this was shown Thursday when it was reported that a newspaper correspondent had virtually closed arrangements with a waiter to take over his place in an effort to gain first knowledge of the proceedings.

GIOLITTI FAVORED AS HEAD OF NEW ITALIAN CABINET

LONDON.—By The Associated Press.—The presidents of the Italian senate and chamber of deputies have advised King Victor Emmanuel to ask former Premier Giolitti to form a cabinet in succession to the Bianchi ministry. It is understood, says a Central News dispatch from Rome Friday.

FIGURES IN LAW ENFORCEMENT DEVELOPMENTS

Circuit Judge E. C. Higbee, whose session with enforcement officers resulted in police clamping lid on town.

Rev. C. F. Robinson, who presided at law enforcement men's meeting held Thursday evening.

Chief of Police John B. Webber, who issued order that all laws be strictly enforced, with specific reference to gambling and liquor statutes.

FIND CLUE TO TAYLOR ASSAILANT

HOUSE COMMITTEE TO WORK OUT MEANS FOR RAISING BONUS

Bonus Law Will Include Finance Provisions Declares Chairman Fordney

WASHINGTON, D. C.—Soldiers' bonus legislation, under consideration by the house ways and means committee, will carry a provision for raising the necessary revenue to finance it, Chairman Fordney announced Friday after a conference with President Harding at the White House. Whether the money will be obtained by internal taxes or the use of the proceeds from the refunded foreign debt, or both, remains to be determined, he said.

Mr. Fordney expects the bill to be ready for the house within two weeks and thinks only a few days will be required for its passage. Senate Republicans in party conference already have voted to pass the bonus legislation but they have not decided upon details of the measure, particularly the means of raising the money.

Because of uncertainty as to the number of former service men who will take the cash feature, the house committee is having difficulty in determining just what the cost will be for the first two years. Experts have concluded that the estimate that fifty per cent of the men would take cash is little more than a guess. Some estimates are as high as seventy per cent.

Arguments for and against the tax on beer as a means of raising funds for the bonus were heard Friday by the committee and at their conclusion members indicated very clearly that such tax was not to be considered.

PERSHING ASKS CUT IN OFFICER PERSONNEL.
WASHINGTON, D. C.—A bill to reduce the number of army officers to 12,000, as compared with 17,000 now authorized, was transmitted to congress Friday by General Pershing as chief of staff and introduced by Chairman Wadsworth of the senate military committee.

FISHERMEN CAUGHT ON ICE.
MAKES WAY SAFELY TO SHORE.
CHEROKEE, Mich.—While coast guards were on watch for them, four fishermen who late yesterday were caught on an ice block in Lake Huron, succeeded in making their way to the shore over the ice flows.

ARBuckle JURY DISAGREES AND IS DISCHARGED

SAN FRANCISCO.—The jury failed to agree and was discharged Friday in the second trial of a manslaughter charge against Roscoe Arbutkule in connection with the death of Miss Virginia Rappe, motion picture actress.

Foreman J. J. McElroy announced that the vote stood two to ten. He did not designate whether the majority was for conviction or acquittal.

"There is no chance for us to agree," McElroy said.

Arbutkule seemed downcast at the disagreement. Neither prosecution nor defense would announce its intentions regarding a new trial.

The case was put over until Monday to be set for trial.

After the disagreement the jury retired to the jury room. Corridor gossip said that the poll was ten to two for conviction.

SEARCH FOR MYSTERY MAN SEEN SKULKING ABOUT NEIGHBORHOOD

Cigarette Stubs Mark Place Where Stranger Waited Outside Director's Home

SEEN LEAVING HOUSE BY MRS. DOUGLAS MACLEAN, A NEIGHBOR

Mabel Normand One of Last to Have Seen Taylor Alive

LOS ANGELES, Calif.—Subpoenas were issued Friday afternoon for Miss Mabel Normand, Mary Miles Minter, Edna Purviance, motion picture actresses, Douglas MacLean, actor, and his wife, and William Davis, Miss Normand's chauffeur, to appear before the coroner's inquest Saturday at 1:30 o'clock over the body of William D. Taylor, motion picture director, shot down in his home here Wednesday night.

LOS ANGELES, Calif.—A half dozen cigarette stubs offer a key to a mystery which for twenty-four hours has been deeper than any developed in his work by William Desmond Taylor, noted motion picture director, killing his death Wednesday night at his home here from a shaver's bullet, according to investigators.

These half smoked remains found near the back door of his luxuriously appointed residence, give mute evidence that some man apparently waited nervously there on the evening of the murder.

Seen Leaving Home.
They link with statements by Mrs. Douglas MacLean, wife of a motion picture actor, that on the evening of the murder she heard a shot fired and looking from the window of her home, which overlooks that of Taylor, she saw a man, stranger to her, emerge from the front door of Taylor's home look back through and apparently speak, cross the door and depart.

Another link is a statement by employees at an oil service station nearby that within an hour prior to that time a stranger whom they described similarly, asked them where W. D. Taylor lived and they directed him to the place.

The crew of a street car add information that at a time closely corresponding to that which Mrs. MacLean gives as the departure of the mystery man from Taylor's house, a stranger boarded the car at a stop close by from which passengers rarely board a car. They describe him similarly.

Mystery Deepens.
These revelations only served to deepen the mystery. For Mrs. MacLean, who knew the former servant of Taylor for whom the police are seeking, and who Taylor reported to the police sometime ago as having stolen property and money from him, said that the stranger was not this servant. The porch light of Taylor's home was on and Mrs. MacLean observed him in its full glow.

The movements of this stranger coincide with the visit of Mabel Normand, motion picture actress, to Taylor's home on the evening of the murder. Taylor escorted Miss Normand to her motor car and talked a few minutes with her there. The front door to his home was open. Investigation (Continued on page six)

EX-POLICE CHIEF AT KENOSHA SENT TO STATE PRISON

Owen O'Hare Given Two and a Half Year Sentence at Waupun for Embezzlement

KENOSHA, Wis.—Owen O'Hare, who served for twenty years as chief of police of Kenosha, was sentenced to a term of two and a half years in the state prison at Waupun Friday morning by Judge E. R. Robben in circuit court.

Following his plea of guilty to many counts of indictments charging malfeasance in office, embezzlement, and larceny as bailer and larceny.

He stood with bowed head in court as he received the sentence. The court also urged the former chief to pay back to the police pension fund the money he was charged with taking from it, in the ways of his earnings in the courts.

Former Sheriff Joseph Meyer, who was convicted on nine counts of bribery by connection with the protection of vice and liquor dealings in Kenosha county, was sentenced to a term of five years in the state prison at Waupun. Meyer and O'Hare received their sentences without demonstration.

There has been one of the most prominent police officers in Wisconsin for years, and for two years he served as president of the Wisconsin Police Chief association.

GIRL IN SIVERTSEN CASE IS ARRAIGNED; HEARING ON FEB. 10

Solveig Tesley, 22 years old, pretty and with hair bobbed in ultra fashion, appeared in county court Friday morning to answer to charges of misbehavior with Peter A. Sivertsen, the charges were made by Sivertsen's wife, Mrs. Anna Sivertsen. A plea of not guilty was entered by Miss Tesley's counsel, E. H. Hartwell. Bail was set at \$200, which was furnished, and the hearing adjourned to Feb. 10 at 2 p. m. Sivertsen now is in state's prison at Waupun, where he was sentenced a week ago by County Judge Brindley to two years and three months on complaint brought by his wife, following her return from a year and a half visit in Norway. Mrs. Sivertsen named Miss Tesley as the woman in the case.

DANE COUNTY BOARD CUTS SALARIES OF COUNTY OFFICIALS

MADISON, Wis.—Salaries of county officials in Dane county were cut by the board of supervisors at its meeting Friday, the reductions running from eight to twelve per cent. The county clerk, district attorney, county sheriff had their wages lowered from \$2,000 to \$1,800, while the highway commissioner's salary was cut from \$2,200 to \$2,000.

"BOB" WINS FIGHT AGAINST CHANGE IN PACKING BILL

WASHINGTON, D. C.—The resolution of Senator La Follette, republican, Wis., designed to prevent modification of the federal meat decree requiring the "Big Five" meat packers to relinquish their unrelated lingo business was adopted Friday by the senate.

HUGO STINNES INVADES THE U. S. MARKET

Negotiating for Sale of German Rails at \$2.25 Per Ton Less than Current Price Here

GERMAN INDUSTRIAL KING MAY HAVE DESIGNS UPON AMERICA

U. S. Only Country He Hasn't Taken a Hand in Developing

NEW YORK.—By The Associated Press.—The name of Hugo Stinnes, one to conquer with in Germany, has snatched its way into Wall Street.

Big Business, particularly in the steel industry, is interested and is asking if Stinnes has designs upon the commercial and industrial activities of this country.

Various reports have come to the United States concerning plans of the German Croesus to extend his interests to this country, where he has heretofore been known.

First concrete evidence of his plans came with announcement that he was negotiating with several American railroads for the sale of 15,000 tons of German rails at a price including freight, about \$2.25 a ton less than the current American price of \$19.

May Have Designs On U. S.

Whether Stinnes will follow up his invasion of American markets by efforts to acquire control of American industries is a question that time alone can solve. The United States is one of the few countries in the development of which he has apparently taken no hand.

Credited with controlling eight billion marks of capital and with being the most powerful figure industrially and politically in Germany, Stinnes rode to the crest of his power during the war.

He it was, say his enemies, who conceived the idea of deporting Belgian workers to Germany and who headed the German interests that exploited Belgian mines and other resources during the occupation.

He also was reported to have made fabulous sums by the filling of munition and other government contracts. Even before the war Stinnes was the biggest iron and coal figure in Germany, but it was not until the close of the world struggle that he began reaching out on a large scale for other fields to conquer.

Activities World-Wide.
Shipyards in Sweden, mines in Austria, and Sweden, steel mills in Denmark; oil wells in South America; newspapers, paper mills, hotels, street cars, shoe factories, dye works, motion picture producing plants—all became grist for the Stinnes mill.

Stinnes came of a family of coal mine operators, but had struck out early for himself with his share of the family fortune, and soon became allied with Thyssen, then the German iron and steel king. He broke with Thyssen shortly before the war however, and in a few years had outstripped his former partner.

He is credited with control of the people's party which dominates Germany and has been a prominent figure in reparations negotiations with the allies. He is an object of bitter attack by the socialists but is popular with the more conservative part of the people.

POLICEMAN SHOTS HIS BROTHER IN DANCE HALL FIGHT

DECATUR, Iowa.—Alfred Dorseth, 30, was shot and fatally wounded Thursday night by his brother, Matt Dorseth, a police officer.

The policeman went to a hall where the annual firemen's ball was in progress. He arrested an intoxicated man, Alfred Dorseth, with several companions, attempted to force the man's release.

Matt Dorseth then warned the men not to interfere. They attacked the officer, it is said, and he fired.

GEORGIA TOWN BARS PRIZES AT BRIDGE PARTIES

DUBLIN, Ga.—Dublin ladies who are accustomed to play bridge for prizes were warned by the Laurens county grand jury Friday to stop this practice. The grand jury issued a warning that if the practice continued prosecution for gambling would follow.

"ENFORCE ALL LAWS" IS COMMAND AFTER SESSION WITH JUDGE E. C. HIGBEE

Mass Meeting to Demand Law Enforcement Preceded by Circuit Judge's Action Calling in Chief, Sheriff and Public Prosecutors to Demand Clean Up of City

Law Enforcement Developments.
Judge Higbee calls chief of police, city attorney, district attorney and sheriff to his chambers in the court house Thursday afternoon for a conference on law enforcement.

Mass meeting of several hundred men and women in the Chamber of Commerce Thursday night to discuss preliminary steps to be taken to bring about law enforcement in the city and county. As a result of the meeting a committee of three is to be appointed to call on the authorities to offer cooperation of citizens in enforcing laws. A resolution also was passed condemning the common council for passing its resolution asking congress to pass laws authorizing the manufacture of beer and light wines.

Orders issued to the police department by Chief of Police Webber Friday morning for strict enforcement in the city of the Sevenson prohibition law, wiping out of gambling in pool rooms by the youth of the city and ordering a halt called on gambling and other forms of law violations in clubs and elsewhere in the city.

LAW enforcement holds the boards in La Crosse.
When the day police force reported for duty Friday morning they found on the bulletin board at Central station a general order, signed by Chief Webber, declaring that officers who do not report violations of the liquor and gambling laws will be subject to removal. The order, covering three typewritten pages, repeats in detail the provisions of the Sevenson law, the state dry act, and sums up the city ordinance and state laws against gambling in any form, as well as the law prohibiting minors playing pool and bowling, and orders strict enforcement of all such laws.

The mass-meeting called by the Community Council and Federation of Churches to urge law enforcement Thursday evening, was not, at least not directly, the force behind the new regime ordered by Chief Webber. The actual law enforcement program began with a private session between local enforcement officers and Circuit Judge E. C. Higbee, in the judge's chambers, at which Judge Higbee is reported to have demanded a clean-up of the city. Attending the meeting were Chief of Police J. B. Webber, District Attorney Lucien T. Reid, City Attorney Oscar Swennes and Sheriff E. C. Miller.

When the enforcement mass-meeting was being called to order the police bulletin clamping the lid on La Crosse was being drafted.

Name Committee To See Officials

SEVERAL hundred men and women—the sexes were about evenly divided—and in mass meeting in the Chamber of Commerce Thursday evening, heard speeches on the need for law enforcement and pledged their support in resolutions calling for a strict enforcement of the laws, especially those against the sale and consumption of intoxicating liquors and gambling. A resolution was passed authorizing the chairman of the mass meeting, the Rev. C. F. Robinson, to appoint a committee of three to call on city and county officials and tender them the support of citizens in the enforcement of law, to present the resolutions adopted by the mass meeting and to ascertain the attitude of the officials in respect to these resolutions.

The resolution of the mass meeting asking for a strict enforcement of the law also condemned the common council for passing its resolution asking congress to pass a law authorizing the manufacture of beer and light wines. The mass meeting's resolution "expressed the most positive and emphatic disapproval of this said resolution of our city council and our equally positive and emphatic protest against it."

Exhibits "Prescription" Bottle.
The Rev. C. F. Robinson was chairman of the meeting. After C. L. Baldwin, the principal speaker, had delivered his address on law enforcement, Mr. Robinson extracted a large glass bottle from under the table on the platform, took several paper covers off it and then reached into the depths of the basket, drawing out one at a time, six pint bottles that once contained gin and rum and lined them up on the table. In the center he put the prize bottle of his collection, an empty pint flask that bore a label telling the world that it had contained "Old Ripper" whiskey. On the front of the bottle was pasted a La Crosse doctor's prescription, which was filled by a La Crosse druggist. Mr. Robinson did not read any names from the prescription but invited everybody to come to the platform and scrutinize the bottle after the meeting. After the mass meeting about half of those present crowded around the table to read the names of the physician and the druggist.

"I want everybody to look at these things," Mr. Robinson said. "If people would tell the doctors and the druggists what they thought of them every time they see bottles like this, then the doctor wouldn't be a second-class saloonkeeper and the druggist something worse. We can't blame boys for playing in poolrooms when we gamble in our clubs. Wisconsin has the most delegates at the national conference on law enforcement. Wisconsin is awake. You see what has been done in Racine and Milwaukee. Ministers Offer Resolutions.

The Rev. E. C. Dixon, chairman of the resolutions committee, presented a general resolution expressing the sentiment of the mass meeting for strict law enforcement, condemning the common council for passing their resolution asking congress to pass a law authorizing the manufacture and sale of beer and light wines, and of

Committee Not Named.
The Rev. C. F. Robinson, chairman of the meeting at the Chamber of Commerce Thursday night, said this morning that he had not as yet appointed the special committee authorized to call on law enforcement officials. He said that the order signed by Chief Webber, in full, is as follows:

"To the members of the police department of the City of La Crosse, Wisconsin:

"Whereas, there are rumors current in the city of La Crosse that there is laxity in the enforcement of the laws of the state of Wisconsin in reference to intoxicating liquors, gambling, and the frequenting of pool halls by minors; and it may be that a clear understanding of some of the outstanding provisions of the laws in question may aid in an efficient enforcement of the law and it being desired that law enforcement be kept up to its greatest possible efficiency.

"Therefore, you are informed that Chapter 121 of the Laws of Wisconsin for 1921, commonly known as the Sevenson law, prohibits the manufacture, transportation, sale, importation or exportation of all intoxicating liquors, except for medicinal or sacramental purposes; it provides that it is unlawful to manufacture, sell or possess for sale any still, contrivance, machine, preparation, compound or other substance designed or intended for the manufacture of intoxicating liquors; that any building, vehicle, errand, or place where intoxicating liquor is manufactured, sold or unlawfully kept is a public nuisance and shall be abated and the owner thereof punished; that any vehicle in which intoxicating liquor is unlawfully transported shall be seized and the person in charge thereof arrested; that any person who drives any vehicle which he has good reason to believe is being used in unlawfully transporting liquor; that it is unlawful for any person to do

BADGER ROAD SYSTEM NOW INCLUDES 7,411 MILES OF HIGHWAY

Greater Proportion of Roads are
of Gravel Type Reports
State Engineer

MADISON, Wis.—That the state highway system now has a total of 7,411.63 miles, including all types of roads, was the statement issued on Thursday by A. E. Hiest, state chief highway engineer. Mr. Hiest said that a conditional survey had been completed which shows that there are more miles of gravel road in the state highway system than of any other type.

There are now 2,666 miles of gravel roads in the trunk system according to the survey as compared with 2,471 miles of plain earth road. Concrete roads have now assumed third place with 615 miles on the state trunk system. The mileage for the other types follows: gravel surface treatment, 68 miles; stone macadam, 135 miles; stone macadam surfacing, 412 miles; bituminous macadam, 41 miles; shale, 121 miles; disintegrated granite, 81 miles; millings, 71 miles; sand and clay, 215 miles; top soil, 150 miles; cinders, 12 miles; asphalt, 5 miles; iron ore, 12 miles; trap rock, 1 mile; brick, 1 mile; and exactly one-half mile on the larger bridges of the state system.

"While the maintenance work so far carried out has been reasonably satisfactory, we believe the work is capable of improvement," said Mr. Hiest.

"It has been decided that we must have more uniform patrol maintenance and marking and signing. We have decided that no gang maintenance requisitions will be allowed in excess of \$100 unless application has been made to the county and then approved by the commission."

Only 11 bridges were built in 1921, as compared with 21 built in 1920 but the total length of bridges work for 1921 was 901 feet as compared with a total of 436 feet for the previous year.

"If there is one thing clear as result of our 1921 work," concludes Mr.

Heist, "it is that the people want good roads more than ever before. Large sums have been raised in practically every county and while our policy has been to discourage lavish expenditures and the imposition of heavy taxes for road purposes, the sums thus provided will be an important element in the expected revival of business in 1922."

THAMSTER KILLED
RACINE, Wis.—Jacob L. Thompson, teamster, died as a result of injuries he sustained in a runaway while leading brick. His right ear was torn off and his skull torn loose. Death resulted from the rupture of blood vessels in the neck.

Founding of B. of L. E.
The Brother Lod of Locomotive Engineers dates back to 1867 when a meeting was held in Baltimore attended by 15 engineers from 12 states representing 15 railroads.

James Watt, inventor of the steam engine, suffered from chronic rheumatism.

AMERICAN POET TO APPEAR IN NORMAL LECTURE COURSE

Robert Frost to Read from His
Own Writings: Comes on
February 15th

Robert Frost, the poet who will read from his writings in the Normal lecture course on February 15, has a peculiar life story. Born in San Francisco in 1875, he went at the age of ten to live in Lawrence, Mass. In 1900 he was a farmer in New Hampshire. Later he taught school, though his education at Dartmouth and Harvard had amounted to something less than a complete college course.

The year 1912 found Mr. Frost in England. "And it was there that his first book, 'A Boy's Will,' was published in 1913. Two years later he

returned to America, buying a farm in New Hampshire which has since then been his home.

Two others of his books, besides that just mentioned, are in the public library of this city. These are "A Mountain Interval" and "North of Boston."

Of works dealing with the life and writings of Mr. Frost, the following may be cited, to be found on the shelves of the public library:

Clark, H. W., Our Poets of Today.

Lowell, Amy Tendencies in Modern American Poetry.

Thompson, W. L., The Advance of English Poetry in the Twentieth Century.

Watermeyer, Louis, New Era in American Poetry.

The date of Mr. Frost's appearance has been advanced from February 14, as first announced, to Wednesday, February 15.

Solon first presented property as a basis of governmental organization.

CUT WAGES OF COTTON MILL WORKERS IN EAST

BOSTON, Mass.—A reduction of 20 percent of the wages of cotton mill operatives was announced in several Northern New England cotton mill centers. Virtually the entire cotton manufacturing industry of New England except the city of Lawrence will soon be on lower wage levels. Upwards of 20,000 persons were affected by wage cut announcements in Maine mills.

tested by wage cut announcements in Maine mills.

New Addict
"Are you the centurion I've read about, who has used tobacco all your life?"
"No, it is not me, it's my son, I just started to smoke about eight years ago."

The monuments of Egypt bear representative of three racial types.

CASCARETS 10¢

For Constipated Bowels—Bilious Liver

The nearest cathartic-laxative to tonight will empty your bowels completely by morning and you will feel splendid. "They work while you sleep." Cascarets never stir you up for grip like Salts, Pills, Calomel, or Oil and they cost only ten cents a box. Children love Cascarets too.

A Sensible Place To Eat

because the food is good, the variety so satisfying and the service so gratifying.

CHICAGO

LA CROSSE GIRL LEADING FIGURE AT "U. W." PROM

MADISON, Wis.—The junior promenade, the state's leading social event, occupied the attention of the capital Friday, while preparations were made for the night's entertainment.

Students throughout the day were decorating the interior of the capitol building which is to be the center of the brilliant affair, participated in by 1,000 couples. State business was slowed up as officers went out in readiness to serve as boxes for fraternity parties.

In the event James Brader, Madison, prom chairman, and Mary C. Baldwin, La Crosse, prom queen, will be the leading figures. They are to lead the grand march followed by Governor and Mrs. J. J. Malone, state officials, and other distinguished guests from over the state.

The entertainment is to be followed by further formal affairs at fraternities Saturday night. The program play, "On the Living Line," was produced by university dramatic societies last night.

MRS. GEORGE G. IRVINE and little son, George, Jr., left Thursday night for Ft. Smith, Ark., where they will visit Mrs. Irvine's mother and later go to Dallas and El Paso, Texas. They will be gone the remainder of the winter.

AN EIGHT POUND daughter was born on Thursday afternoon at four o'clock at the La Crosse hospital to Mr. and Mrs. Robert G. MacDonald, 113 South Ninth street.

MISS KARRIE MARSH has returned from a six weeks' visit to the west coast, where she was the guest of her brother, Mr. Harry Marsh, and sister, Miss May Marsh, at Los Angeles, Calif. One of the pleasant features of the trip was the many old friends she met who formerly resided in this part of the country. Among these were Mrs. Ella Stahower and daughters and Miss Longley, who now make their home at National City, just out of San Diego.

A FAREWELL party was given on Thursday night in honor of Miss Bertha Wagner, who is to leave soon for the Twin cities.

TUESDAY evening, at the home of Mrs. E. A. Singer, 916 Vine street, a shower was given in honor of her sister, Mrs. Ralph Good, a recent bride. Luncheon was served, and the evening enjoyably spent. Mrs. Good was presented with an electric table stove and waffle iron. The guests were: Misses Louise Zuhler, Sophia Wisland, Agnes McBride, Alice Lyons, Rose Tegeder, Minnie Woods, Carrie Pfaff, Elizabeth Singer, Sadie Schomberg, Mattie Finkbe and Marie Slagge, Mr. and Mrs. C. W. Spencer, Mr. E. A. Preston and Mr. and Mrs. E. Good.

MRS. GEORGE J. DITZ of St. Louis, daughter of Mr. and Mrs. S. J. Gendall, 1019 Grace street, La Crosse, has been appointed a member of the republican advisory committee for Missouri at a meeting of the executive committee of the American National Voters' League foundation. Mrs. Ditz is the first woman in Missouri to be named on the advisory

TONIGHT LA CROSSE GREET'S "SUN-KIST" WEST COAST REVUE

Color, Beauty and Pep Features of Fanchon-Marco Production

A California production that more than holds its own with Broadway productions of the same type, a merry melody of melody and merriment, a kaleidoscope of color and scenes, wonderful costumes and beautiful girls, that has dazzled the eyes of the West Coast, is the production of "Sun-Kist" announced for presentation at the La Crosse Theater tonight.

The super-revue is a new departure in the theatrical world and was originated by Fanchon and Marco following their phenomenal success of the last two years, the effective "Hello, Hello" which played a two-day run here on its way east to a 45 week tour through the east to Broadway houses. The same pep that vitalized this production has been put into the new vehicle "Sun-Kist" but every other feature is spotlessly new.

There is a plot—a real plot—a satirization of the motion picture industry, the burlesque efforts of a "reveler" of kind to produce a feature motion picture being depicted. In the series

of scenes from the exquisite comedies and plays, Fanchon and Marco have put together a further line of expression to provide free expression of burlesque dancing, clean cut comedy and beautiful melodies.

None other than Dell Chain and Dan Burdette, the latter a graduate from the field of burlesque to the top of the parade of showmen—featured comedians with the Ziegfeld Follies—are the principal featured members of the large and talented cast that will present "Sun-Kist" in this city. St. Layman and his beautiful partner, Helen Kling, are dancers whose work starts where most dancing acts leave off. Hyman Meyer, Cornish Back, the original "Punch", Charlotte Woodruff, Lucile Corvera, Daisy De Witte, Helen Kennedy, Evelyn Goral and Elsie Landa are some of the other names to be found on the program.

Fanchon and Marco, as well as being the sole producers of "Sun-Kist," supplied the music and lyrics, while the chorus is made up of the original "Sun-Kist" California girls, whose beauty and charm have been the sensation, not only of New York, but in every other city where "Sun-Kist" has been presented.

Her Opinion of Him
He's not a bad fellow, have a man call me a fool, but a fool I am not. She—Of course, it's the truth that I'm a fool. Boston Transcript.

The opposition to educating slaves started in South Carolina in 1840.

ILLINOIS SENATOR URGES BUILDING OF LAWRENCE SEAWAY

Will Solve Problem of Inadequacy of Rail Systems Says McKinley

WASHINGTON.—Construction of the St. Lawrence river deep waterway project as a solution for "the grow-

GIRLS! LEMON JUICE WHITENS RED HANDS

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter-pint of harmless and delicious lemon-juice lotion to soften and whiten rough or chapped hands. This household lemon lotion is the superior to glycerin and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate.

ing inadequacy of the transcontinental freight traffic problem" was urged by Senator McKinley, republican, Illinois in a speech Thursday in the senate.

Senator McKinley declared that the rail lines were wholly unable to meet the demands upon them when freight rates that would insure heavy freight movement were in effect. Conversely, when freight rates which would guarantee sufficient returns from the

roads are in effect, Mr. McKinley asserted that traffic was driven away. Discussing the New York barge canal, the Illinois senator said it would never be capable of taking care of all the traffic which would actually move in that direction. He said its capacity could not exceed ten million tons a year, while the estimated movement of traffic would be more than 200,000,000 tons annually, provided favorable conditions for its movement were offered.

Evolution of Familiar Word
The tracing of the term "pocket-handkerchief" reveals some somewhat peculiar facts. At first it was described as kerchief (coarse-check), a covering for the head, carried in the hand, and at length pocket-handkerchief, a covering for the head, held in the hand and kept in the pocket.

Deadweight Tonnage
Deadweight tonnage is the displacement tonnage of a vessel minus the weight of the craft and its permanent equipment.

Yeast Vitamin Tablets Bring Real Beauty

Banishes Skin Eruptions. Puts On Firm Flesh; Strengthens The Nerves and Increases Energy.

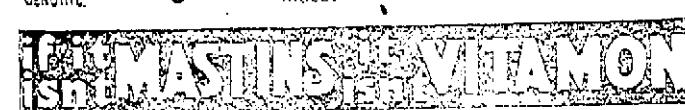

Concentrated Tablets Easy and Economical to Take. Results Quick.

If you want to quickly clear your skin and complexion, put some firm, healthy flesh on your bones, increase your nerve force and power, and look and feel 100 per cent. better, simply try taking two of Martin's tiny yeast VITAMON Tablets with each meal and watch results. Martin's VITAMON contains highly concentrated yeast vitamins, as well as the other two still more important vitamins (Fat soluble A and Water Soluble C). Pimples, boils and skin eruptions seem to vanish like magic under its purifying influence, the complexion becomes fresh and beautiful, the cheeks rose instead of pale, the lips red instead of colorless, the eyes bright instead of dull. The whole system is toned and invigorated, and those who are underweight begin to get some firm, "stay-there" flesh. So rapid and amazing are the results that Martin's is absolutely guaranteed. Be sure to remember the name—Martin's VITAMON—on the original and genuine yeast-vitamin tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Martin's VITAMON Tablets at all good drug stores.

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

Over 3,000 Cases of Cross Eyes Straightened by My Method

If you want your child's eyes straightened you can judge me by my record. Over 3,000 cases of cross eyes have been straightened by my method. I am a graduate of an eye school in the country, to my knowledge, I don't think that inspires confidence and trust.

The majority of my patients have their eyes straightened in my office (no hospital) and return to their homes or business the same day. And their eyes stay straight.

Anthony P. Carter, 229 North 2nd St., La Crosse, Wis., was cured of cross eyes by my method. He and I went to his home in your neighborhood. He and I sat with them, day after day, until my patient's eyes came in line from 12 years to 14 years. The mother says and is glad for you if you will only come to me, come today, for an explanation how easy and satisfactory my method is over the old method.

Write for Free Booklet of your own neighbors and friends, which gives names, addresses and telephone of many of my more than 2,000 patients. 124 feet write today.

TROOPS CALLED TO QUELL DISORDER IN STRIKE AT NEWPORT

Machine Guns Used in Fighting
Between Strikers and
Company Men

NEWPORT, Ky.—Quiet prevailed in Newport Friday, except for intermittent shooting in the vicinity of the Newport Rolling mill, where a strike is in progress, and where a tank company of sixty officers and men with seven tanks are on guard, assisting deputy sheriffs and Newport police to maintain order.

Shortly before 2 o'clock Friday morning a flurry was caused when sniping from outside the mill was followed by firing from machine and riot guns inside the plant. The guns were turned toward the Covington bank of the Licking river. More than 100 shots were fired, it was said, but no casualties were reported, although one bullet struck a soldier's helmet.

Upward of 300 Kentucky national guardsmen are in or enroute to Newport, having been ordered out late Thursday by Governor Morrow for strike duty. Troops were withdrawn from here only ten days ago.

FEAR OF WHITE VETS DRIVES NEGROES FROM HOSPITAL IN CHICAGO

CHICAGO, Ill.—Dr. Joseph Hall of Cincinnati has been ordered here by Dr. Hugh Cummings, surgeon general of the public health service in Washington to investigate a near riot in the Edward Hines, Jr., Memorial hospital and which resulted in ten negroes leaving the hospital because of fear of white veterans, it was announced Friday.

An inquiry into cause leading to the disturbance will be started as well as a general investigation into conditions at the hospital.

No one was hurt, Major White, director of the hospital, announced.

There are about 900 soldiers at the hospital, 100 of whom are negroes.

DISCOVER NEW GAS COMPOUND THAT WILL DOUBLE THE MILEAGE

MADISON, Wis.—Discovery of a tellurium gasoline compound that he expects will result in doubling the

BARNEY OLDFIELD WINNING THE "OLD TIME CAR" RACE AT THE OPENING OF THE CHICAGO AUTOMOBILE SHOW

Barney Oldfield, master speedster, and now head of the race company that bears his name, won the old time car race which opened the Chicago automobile show by two lengths, driving an 1899 steam car opened "her wide open" and succeeded in attaining the half mile speed of eight miles an hour. As Barney crossed the finish line he was met with cheers and cries of "where's your whip Barney" and similar remarks.

mileage of motor fuel, has just been made by Victor H. Leuther, professor of chemistry at the University of Wisconsin. Use of the substance will require re-design of automobile engines, Professor Leuther said.

Thomas Ridgely and T. A. Boyd of Dayton were members of a committee who worked with the Wisconsin professor to develop the compound.

It is the first time in history that a nutritive food tonic, backed by full approval of world-renowned scientific authority, has been offered to the public. It is called SUSTO.

It is transforming thousands of thin, run-down anemic men and women, and under-nourished, delicate children into strong, healthy, energetic individuals, all without the aid of medicine.

After exhaustive tests with SUSTO, extending over many months by a Nutritional Expert at one of our leading Medical Colleges, he says that he proved SUSTO to be valuable for weak, run-down conditions, anemia, lack of strength, loss of weight, and especially valuable during convalescence; and infants, children and grown persons quickly put on weight by its use.

This means that any person may step into our drug store, ask for SUSTO, and for a small sum, secure a tonic food that bears the stamp of approval of a great nutritional expert, to promote strength, health and energy.

By the use of SUSTO you will steadily gain in health and strength, eat better, sleep better and enjoy the vitality which comes from a properly nourished body. For sale by Hoeselder Bros.—Advertisement.

PROM COSTS GIRLS 18 CENTS A MINUTE COST TO MEN LESS

Compilation of Expense Shows
it is the Girl's Purse that
Suffers Most

MADISON, Wis., What does it cost to go to prom, the social function of the university school year, the twenty-seventh one which is being staged at the state capital tonight? Costs compiled by students, who are attending this year tend to disprove the belief that it is the man whose purse really suffers. Girls say that they are the ones. Both sides agree that the cost differs as to the person involved and their tastes, but it is a pretty costly form of amusement for it averages 12 cents per minute for the boys and 18 cents per minute for the girls. It happens to be the first prom they have attended.

For the cost of the first consideration is the prom gown. If it is to be purchased it will cost from \$75 to \$150 with the average around \$100. Then there is the evening wrap. If it cannot be borrowed or is not in the lady's wardrobe it will cost \$75 for this essential. Since Dance Fashion

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can't hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

has decreed silver, gold or black satin slippers, Miss Prom or must purchase them to the tune of \$10 to \$12 and as hand and button so any slippers and heels. These will only cost \$5.

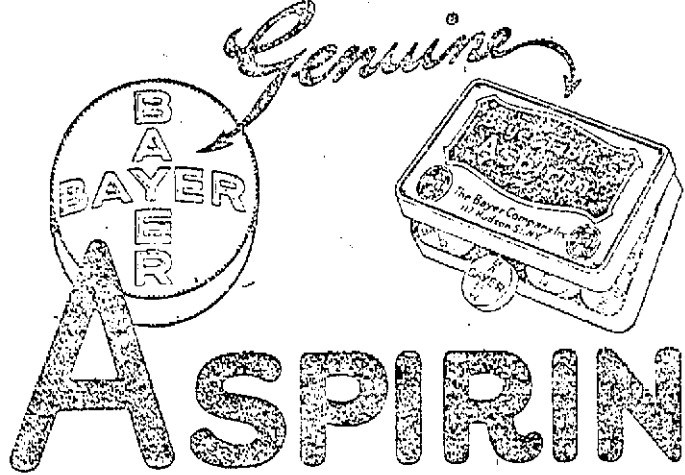

Without detailed elaboration we set the cost of the dinner, well you know at least \$7. This the only cost you, for even assuming she has a man and the long white gloves there is an afternoon at the beauty shop, but this only costs \$3. For the other, pre and post prom parties Miss Prom or usually has the necessities. Average total for a few Miss Prom-ers, \$200.

Now for her "man." Before he ever reaches clothes he will dig into his jeans for \$7 for the prom ticket. All generally around some perfume, one of the pre-prom shoe and outfit afterwards make that cost \$5. Taxes, girls this is raised to \$10.00 on the for prom night and the formal dinner.

party cost another \$5. Course, however, may not be worn at prom, but nothing is said about the formal, so they wear one, another \$5. Then, the post of pre-prom dinner dances. The average cost for the night is \$10. It may be more—it may be less. Any other little dinner or picnic wedged in somewhere, and it always finishes this part by adding \$5 more.

Now for the clothes. A dress suit can be purchased for \$50 and a tuxedo for the formal for about \$30, while vest and shirt of good quality come about \$11. The patent leather pumps average \$8 and the other little necessities can be grouped under \$10. That gives the total for her "man" of \$117.

For the first timers, figuring that all prom takes 20 active hours, it costs the boys \$7 an hour and for the girls this is raised to \$10.00 on the average.

WARNING! Say "Bayer" when you buy Aspirin.

Unless you see the name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians over 21 years and proved safe by millions for

- | | | |
|-----------|-----------|------------|
| Colds | Headache | Rheumatism |
| Toothache | Neuralgia | Neuritis |
| Earache | Lumbago | Pain, Pain |

Accept only "Bayer" package which contains proper directions. Handy "Bayer" boxes of 21 tablets—Also bottles of 21 and 100—Druggists. Aspirin is the trade mark of Bayer Manufacture of Monach-leucodester of Nalleyfield

The Poet's Business

The duty of the poet is like unto that of the naturalist; it is to pursue and capture those rare specimens of thought that have hitherto escaped the hunter's net; hence, in crystal-clear diction these captive beauties of nature; and offer them, 'mid the

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night, when retiring; rub enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop at once, and your hair will be fluffy, lustre, glossy, silky and soft, and look and feel a hundred times better.

You can get Liquid Arvon at any drug store. It is inexpensive and never fails to do the work.

Great For Bad Coughs and Colds

Make Your Own Medicine and Have the Best There is

You'll Say It's Good When All Mucus Disappears and Clean Healthy Membrane is Your Reward

Here is an inexpensive home made remedy that you can't beat and one that will quickly bring up that phlegm, soothe the sore throat, relieve the clogged nostrils, make breathing easy and cause sunburn colds and persistent coughs to vacate—many times over night.

Try it right away if you suffer from Croup, Chest Colds or any irritating nose or throat troubles and you'll be glad you ran across this little bit of advice.

Get from any druggist, one ounce of Bismuth (double strength) add to it a little sugar and enough water to make one-half pint. You can make it in two minutes and when it is mixed you can pride yourself on having a medicine that acts directly on the membrane of the nose and throat and acts so effectively that all phlegm, all itching and inflammation speedily disappears.

Sore Throat Wisdom

To relieve Sore Throat you must get at the seat of the disease, counteracting the cause. TONSILINE is prepared and sold for that one purpose. A dose of TONSILINE taken upon the first appearance of Sore Throat may save long days of sickness. Use a little Sore Throat wisdom and buy a bottle of TONSILINE today. You may need it tomorrow.

TONSILINE is the National Sore Throat Remedy—best known and most effective and most used. Look for the long necked fellow on the bottle when you go to the drug store to get it. 35c., 60c. Hospital Size, \$1.00.

LOCAL BALL FANS ANXIOUSLY AWAIT DEVELOPMENTS HERE

Indicated that La Crosse Will
Have Three Major Clubs
in Running this Year

With the arrival of the month of February baseball fans in the city are becoming more and more restless in the concern of what La Crosse is going to offer in the way of representative teams for the coming year. One hears the "gossip" of every kind, in clubs and cigar stores and interested bystanders are anxiously waiting for things to shape themselves to learn just what is to be the situation here this season.

Must Organize Soon
And things will have to move pretty rapidly. La Crosse's baseball talent over fifty percent of whom were forced to accept positions with surrounding teams last year want to know what the city has in store before they go out again this year. They are going to play baseball, regardless whether the city is in the field—but they would rather, by far, wear the colors of their home team than go to their respective posts about the country as they have done in the past.

There is talk of organization of a semi-professional league to be formed with two La Crosse teams representing Wisconsin has suggested such an organization, according to place two teams in the running. To form an eight-club league it follows that four additional teams would have to be invited into competition.

objection to League
While it is only a suggestion as yet, the matter has met with opposition on the part of several prominent baseball officials in view of the fact that a uniform class within easy range could not be assembled into the league, with such an arrangement where perhaps one-half of the clubs included in the league would offer an attraction of a standard such as that which prevailed during the season past. The opposition indicated that the league would ultimately be a failure. In addition it was pointed out that in a league where games are played on Sundays only, the opportunity of booking the bigger attractions such as the Reitz Palace and Dubuque White Sox, as is contemplated this season, would be lost.

Those who acted in an official capacity with the La Crosse Baseball club last year indicate that there has been an definite action taken as yet in the direction of re-organization of a La Crosse club. However, it was intimated that the time for organization is at hand and it was proposed to hold a meeting within the near future.

Montagues Coming in
With the announcement that the Montagues contemplate introducing a major club into La Crosse baseball circles in the spring, and with the re-organization of a La Crosse club, it is evident that the city will be well supplied with baseball clubs next year. The management of the Nelson Clothing company team announces that the aggregation will again be in the city with a better and stronger representation than ever before.

WORLD'S SWIMMING RECORDS BROKEN BY ILLINOIS ATHLETES

CHICAGO, Ill.—Four world's records were broken by members of the Illinois Athletic club swimming team in the open pool held in the L. A. C. pool here Thursday night.

Miss Edna O'Connell broke the world's mark for women in the 100-yard breast stroke, making the distance in 1:25 2-5.

Johnny Weissmuller broke two world's records in the fifty-yard and 220-yard swims and was on the relay team that hung up the fourth new mark of the night. In the fifty-yard swim his time was 23 2-5. He beat his own world's mark in the 220-yard swim, making the distance in 2:15 2-5.

The L. A. C. relay teams composed of Weissmuller, Abe Reigel, Perry McGilvery and Buddy Walden made the 100-yards in 1:16, four-fifths of a second lower than its own world's record.

The L. A. C. team won the meet, scoring 48 points against 7 points each for the Milwaukee Athletic club and the Great Lakes Athletic association teams.

The Market Basket Today Presents An Array of Bargains That Reminds One of Pre-War Days

RETURNS PRESENTS IN ORDER TO GET ALIMONY OF \$70,000

AURORA, Ill.—Boxes, barrels and crates standing in the rain on the front lawn at Wild Rose farm, heralded the return to Kane county of Mrs. Bliza Piza Crane, Costa Rican beauty and divorced wife of Herbert Crane, son of the iron master, to collect her back alimony.

In the boxes and crates are the mirrors and card trays and bureaus and other intimate household furnishings which Mr. Crane gave his bride. At the time of the divorce she agreed to return his presents and they have finally arrived, accompanied by lawyers, who announced that on Monday they will go to court to collect the \$70,000 Mr. Crane still owes on the \$100,000 alimony awarded Mrs. Crane last year.

Sunshine Ahead
Business is coming back—and not for its umbrella.—Boston Herald.

Mrs. Jones Just Couldn't Believe It
Talking over the back yard fence has its advantages as well as its disadvantages. Yesterday, Mrs. Jones said to Mrs. Smith—"It doesn't seem possible—but it's a fact that R. N. M. White Naphtha Soap does the largest and dirtiest washing in less than half the usual time."

She took advantage of the Rub-No-More special offer that was advertised last week at the grocers—just to give that new White Naphtha Soap a trial—and from now on I'm going to use it all the time. I had my washing done and over with in a very short time and my finest fabrics as well as my heaviest clothes were fresher, cleaner and whiter than ever before."

Needless to say, Mrs. Smith is now using R. N. M. White Naphtha Soap and is as enthusiastic about it as Mrs. Jones.—Advertisement.

Good Goods and Service

We have enjoyed a very prosperous and satisfactory past year and only through our watchfulness and trying to satisfy our trade with the best and still within reach of everybody and with your co-operation we will try to save you more this year.

REHEARSALS FOR KATHLEEN SHOW GOOD PROGRESS

Y. W. C. A. Production a "Show that's Different" from Other Home Talent Plays

Every one has heard of the slogan "There's a reason for everything," and now, for "This Master's Voice," you can hear a superior production back of each one of those simple and convincing phrases.

And in the same breath may ask if there is any one in La Crosse who has not heard of the phrase "The production that is different." Apparently not, for "Kathleen," the city's greatest home talent show, has attracted unparalleled attention.

Another feature group participating will be the "Right Road" and Waltz Melody. Comprising this group are Elva Shields, Laura Scholberg, Margaret Schmidt, Hilma Smeyers, Doris Tolson, Marion McManis, Ella Nation, Edna Haggren, and Orville Schell, Frankie Harrier, Keran Egan, Franklin Patterson, Bill Jennings, Jack Murphy.

A short rehearsal was held in the La Crosse theater Thursday evening for group placement. Everyone displayed an adaptability that bodes well for the biggest of successes.

JOIE RAY'S TIME IN GOTHAM RACE STANDS RECORD

NEW YORK. — The record set Thursday night by Joie Ray of the Illinois Athletic club in defeating a field of stars in the mile and a half Vanamaker cup event at the Madison A. A. games, will stand as a world's mark as the distance is not run abroad.

He made the distance in 6:42 2-5, a 1-5 seconds faster than the previous record set by him in the Madison games of 1917.

The Chicagoan entered the event last night for the purpose of turning the tables on Harold Gribble, the "Flying Parson" of Boston, who defeated him in a stirring finish in the mile, mile and a half last year.

Running easily, Ray held third position for nine laps, with Gribble close on his heels. In the eleventh lap Ray started sprinting, left Gribble gasping behind then succeeded in lapping the entire field, passing the last man within three feet of the tape.

SOUTH BEND, Ind. — Eight Notre Dame athletes were formally disqualified by the Notre Dame faculty because of participation in the Taylorville football game.

Largest hot springs in the world are at Thermopolis, N. M.

Cost of living in London is 120 per cent above the pre-war figure.

End Rheumatism, Weak, Lame Back

Old St. Jacobs Oil will stop pain and stiffness in a few moments

Stop "dosing" rheumatism. It's pain only. St. Jacobs Oil will stop any pain, and not one rheumatism case in fifty requires internal treatment. Rub soothing, penetrating St. Jacobs Oil right on the tender spot, and by the time you say Jack Robinson out comes the rheumatism pain and distress. St. Jacobs Oil is a harmless rheumatism liniment which never disappoints and does not burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, headache and neuralgia.

Limber up! Get a small trial bottle of old-time, honest St. Jacobs Oil from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

COOPER'S CASINO—Pearl White in "What Do Men Want?" in "Know Your Men." Comedy. Mark Made's Riviera Orchestra.

CHARLIE RAY—RIVOLI

Time turned back the pages of life Thursday on the screen of the Rivoli theater when "The Old Swimmin' Hole" with Charlie Ray starting as hero was presented to an appreciative audience.

His large voice has become such an institution that if the popular young star appeared in "Thank" his admirers would doubtless declare that he was unmissable, but Ray knows he is happy in private roles and his good judgment has again been shown in "The Old Swimmin' Hole." In the character of the barefoot boy in James Whitcomb Riley's delicious poem Ray scales the heights of naturalness. Lamps chase each other up and down the throat as one beholds the joys and griefs of boyhood so vividly portrayed as to recall one's own experiences. Judging from the misty eyes and reminiscent chuckles everyone in the crowded theater was living over again his childhood days.

In each succeeding phase this young star has won new hands but in "The Old Swimmin' Hole" he shows all past achievements. The well balanced cast deserves mention for their excellent support. James Gordon appeared as His Ma, Blanche Rose as His Ma, Laura La Plante as Myrtle, Marguerite Prevost as Esther, Lincoln Steadman as "Shimmy" and Len Poff as the Schoolmaster.

BILL RUSSELL—MAJESTIC

People go to the motion picture theater to be entertained—and entertained they certainly are when ever such pictures as "The Lady From Longacre" are shown. This production opened at the Majestic theater last night, and proved to be a most

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is sign you have been eating too much meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and lazy, and you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad, you have rheumatic twinges.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acid so it no longer irritates.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

COMING

Something you have wished for.

One of the beauties with "Sun-Kiss" at La Crosse Theater tonight

Interesting and lively story, with the versatile William Russell as the star. The role of Sir Anthony is one that seems to have been created especially for Mr. Russell so admirably does he fill it.

The first half of the story is laid in England, where Sir Anthony—or Tony, as he is wont to call himself—sheds his aristocratic relatives and acquaintances with his unconventional life. Tony is looking for adventure, and he gets it when he rescues Princess Isabel from would-be kidnappers. Isabel is spirited away later, however, and Tony follows her in his yacht to Livadia, the kingdom from which she had fled.

In Livadia, Tony, after exciting experiences, again rescues her, and

the pair make their escape in his right to find happiness in their nation without the aid of titles.

"WHAT DO MEN WANT?"—CASINO

If opinions of critics in other cities mean anything to local picture fans, Lois Weber's latest screen production, "What Do Men Want?" will offer something unusual in entertainment when this great American drama of the hunt for happiness opens its two-day engagement today at the Casino theater. Miss Weber, who is credited with having produced more successful photoplays than any other person in the film industry, wrote and directed such masterly productions as "Where Are My Children?" "The Price of a Good Time," "To Please One Woman," "Scandal," "The Blue" and numerous other big-time hits that thrilled millions of picture fans all over the country.

"What Do Men Want?" Miss Weber's most recent contribution to the silver sheet, is a vivid portrayal of small-town life and small-town people, yet in this powerful drama, as in all her pictures, she not only supplies the full measure of entertainment but also put over a moral bit that is applicable to people of all classes.

BILL FAIRBANKS—STRAND

Some of the scenes for "Go Get Him," William "Bill" Fairbanks' picture at the Strand today and Saturday, were shot in the mountains near Mojave desert. The heat was intense, members of the company, to get away from the sun's blistering rays, crawled back under the huge rocks, but did not remain long, as Mr. Rattle Snake had also found it too warm and had retired to the shady spot. The only other shade for miles was at the foot of the mountain, where a few trees had weathered the hot winds. Director Curran, who is always in condition, did not seem to mind the intense heat, and not until three of the company collapsed did he realize that the heat was so great. Work was stopped

and every one retired to the foot of the mountain for a rest. Director Curran laughingly remarked that he thought it a very ordinary summer's day, when one of the cowboys said he would bet his silver spurs against a dollar that he could fry an egg on the rocks where they were working. The bet was called by Mr. Curran, and the cowboy rushed to the camp kitchen, secured a couple of eggs and they climbed back to the location. In about ten minutes they returned, the cowboy still wearing his spurs and holding a silver dollar.

PEARL WHITE—RIVIERA

Pearl White, famous star, who will appear at the Riviera today and Saturday in "Know Your Men," had an trying ordeal recently at the William Fox studio in New York. She had to stand in one position for an hour and twenty minutes while the cameraman manipulated his film so that he had a triple exposure. In this scene Miss White walks downstairs. When near the last step she stops suddenly and

sees cupids dancing. Not only are seven cupids shown together, but at intervals the star is shown with one little smiling youngster and his dart. It was exceedingly difficult for Miss White, because the youngsters had a habit of doing the wrong kind of cupping at critical moments.

HEAVYWEIGHTS TO WRESTLE BY ROUNDS IN CHICAGO FEB. 14

CHICAGO.—Heavyweight wrestlers will be given an opportunity to wrestle by rounds here on the February 14 when Martin Christina and John Berg meet in a fifteen round engagement. Both men are contenders for the heavyweight crown of Stanislaus Zbyszko.

HAMMOND BROTHERS' CASES ARE PUT OVER UNTIL FEBRUARY 15

The hearings of Charles J. and William Hammond, charged with operating a moonshine still in a shack in Twentieth street, between Denton and Redfield street, which was to have been held in county court Friday afternoon has been postponed until Feb. 15, by mutual consent of the district attorney and the Hammonds' counsel.

The first secessionist

The first person to suggest secession in congress is supposed to have been Josiah Quincy of Massachusetts. In 1811 he told his colleagues that if Louisiana were annexed to the Union it

JEFFERSON COUNTY TURNS OUT TO PAY TRIBUTE TO HOARD

Thousand County Residents Attend Dairy Jubilee on "Hoard's Day"

MADISON, Wis.—Over one thousand Jefferson county residents arrived here Friday morning to commemorate "Hoard's Day" at the state's Dairy Jubilee. Representatives from every nook and corner of the county were on the special train which did so much to advance the interests of dairying in Wisconsin. The feature of the day was a speech by Frank O. Lewden, president of the Wisconsin Christian association of Wisconsin.

"Wisconsin has shown better than any other state of which I know, what can be done with county organizations," declared Mr. Lewden. "Waukesha county has become famous wherever dairy cattle are known. The county unit has an opportunity to build up a good will in its business, which is more difficult for a state organization and almost impossible for the national.

"Some plan must be worked out, I believe, under which the national organizations may financially assist the state association. The proportion to its ability to foster and strengthen county associations.

"These state organizations, which have the soundest vision are those like year own, in which you begin with the county as a unit, and in which you provide that some part of the fee which is paid for membership in the state association shall remain in the treasury of the county organization which procures the members."

The dairy celebration commemorating fifty years of progress closes Friday night with a banquet for all in attendance.

The feature of Friday afternoon will be the unveiling of the Hoard Memorial, W. W. Marsh, Iowa, A. A. Algren, Michigan, Charles L. Hays, Iowa and Prof. D. A. Brier, will be the principal speakers. Hoard, the youngest grandchild, will unveil the Memorial which is placed in front of the Agricultural Campus. The Memorial represents the result of contributions from dairymen in every state in the union and its maker says in part:

"William Dempster Hoard was one of the men with that vision, in certain respects he was the greatest single influence of his day in this country and Canada in the development of dairying along scientific lines which have it a foremost industry. He and his associates realized that in the production of milk was the fundamental industry of industries and they stimulated dairy farming first in their home state and later throughout America."

Approximately 6,000,000 persons will pay income taxes in 1922.

Sinus is the brightest of the stars.

WORLD COURT OF JUSTICE NAMES LODER AS HEAD

THE HAGUE, Feb. 3.—By The Associated Press.—The international court of justice, meeting in private session here Friday forenoon elected as president of the court, Dr. B. T. C. Lodner, a former member of the Dutch supreme court.

COPPER MINES TO START WORK SOON WITH GOOD TRADE

Export Demand Grows Fast and Industry Expects to Reach 50% Capacity by Summer

BY ALBERT APPLER

NEW YORK.—The copper industry is preparing for a revival of business. Calumet & Hecla Mining company will begin mining copper ore again within 60 days. Nearly all the leading producers of copper are expected to be operating their mines by late April.

The copper market is quiet now. But the industry is steadily getting into better position.

Tonnage of copper exports is running about 40 per cent bigger than the 1920 average.

Germany, during 1921, took more than a third of our total copper exports. For the last 15 months she has been buying American copper at the rate of 235,000,000 pounds a year, compared with 78,457,805 pounds in 1920 and 1,478,200 pounds in 1919.

Copper producers are gradually working off their surplus refined stocks. Those were 660,000,000 pounds at the beginning of 1921. Stocks now stand at about 485,000,000 pounds.

Most conservative estimates are that the copper industry will be averaging 50 per cent capacity by late summer.

The steady revival of export buying is most encouraging to American copper men, for normally 60 per cent of our copper output is shipped abroad.

BIG FORCE NEEDED TO HANDLE APPLICATIONS FOR AUTO LICENSES

Daily Mail of Secretary of State Averages Ten Thousand Letters a Day

MADISON, Wis.—Editor S. Hall, secretary of state, this year will do business with more persons in Wisconsin than any other person or corporation, he believes.

His transactions have grown until his business clientele now numbers over 400,000 individuals, each of whom enters into a money consideration with the secretary of state. Their payments to him will total over \$4,000,000 before December 31.

The great volume of Mr. Hall's business is with the 375,000 automobile owners and dealers of Wisconsin. Everyone of them pays him at least \$10 a year for the privilege of driving their cars in the state.

And to see that there is no escape keeps a complete record of the individuals with whom he does business.

The name of the automobile owner, the make of the machine, its license number, number of the engine type and color of the car, are all kept on file in his office in order that there can be a positive check on any violations of the obligation entered into with the owner.

Mr. Hall's daily mail amounts to 10,000 letters on an average. One machine opens the envelopes of this correspondence at the rate of 3,000 an hour, while 12 girls spend their day taking it from the envelopes.

Postage needed to send the replies to the letters usually in the form of license plates, amounts to approximately \$550 a day, the secretary of state said.

To handle his extensive business an office force of 40 is maintained by Mr. Hall. With the spring rush for automobile licenses, he expects that additions will have to be made to the staff in order to handle the increasing volume of transactions.

National Emblems

The rose, England's national flower, was chosen as the country's symbol at the close of the War of the Roses. The shamrock is firmly imbedded in Irish hearts because St. Patrick, used it to illustrate one of his sermons. The thistle was adopted as the national emblem of Scotland because, in the reign of Mahadun II, a road filled with thistles saved a Scotch fortress from Danish invasion.

That's Different

Brown.—"A woman is forever talking about what she would do if she were a man." Towns.—"While a man contents himself with talking about what he wouldn't do if he were a woman."—Laf.

The Wrong Foot

From a telegram recently received by the district superintendent of an Indian railway from a Baba station.

**BIG ULCER
ALL HEALED**

"Now I Can Walk," Says Mrs. Southcott of Medina

"There is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

"There isn't everything in this world, there is many a big hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all drug stores for 25 cents a large box."

Read this letter, written February 14, 1921, by Mrs. Albert Southcott, of Medina, N. Y. It seems like a miracle, but it is true, every word of it.

"I know it because I get similar letters almost every day from people who have used my ointment for all sores, eczema and piles."

Is it any wonder I am happy? Peterson Ointment Co., Inc., Buffalo, N. Y.

Dear Sirs:—

"I was an untold sufferer from an old painful sore and ulcer. I had tried just about everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain. It had not left me before in 24 hours, and after using just nine dollars worth of the ointment I am cured. The ulcer was 9 inches by 6 inches, is all healed and I can walk. Never, never will I be without Peterson's again."

"You may use this to recommend your ointment. If you wish, I cannot say enough to praise it. Yours truly, Mrs. Albert Southcott, Medina, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y."

Youth Craft

Hair and Scalp REMEDY

Mothers should watch their children's heads for dandruff to avoid troublesome scalp affections. Youth Craft positively prevents and removes dandruff, stops the itching and puts the scalp in a healthy condition. Nature can then supply the elements for a thicker, softer and more lustrous growth. Results guaranteed. No oils, dyes, noddies and but 1% of alcohol. At all Drug Stores and Toilet Counters. Ask for Youth Craft and accept no other.

COMPLETE ALASKAN RAILWAY AHEAD OF SCHEDULED TIME

ANCHORAGE, Alaska.—By The Associated Press.—Completion of the thousand foot steel bridge at Lily Creek 14 days ahead of schedule time by a complete crew made possible the final coupling of steel on the Alaska government railroad Wednesday.

First Moerish fire made a pair of wings to escape from prison.

Coal is fast supplanting wood as a fuel in Persia.

master. "Coming on duty early in the morning, clad in my new and white uniform, I perceived a man seated on a bench in a huddled and aggressive manner, and myself in a police man's uniform, he took thereon and arrested me. The shoe is thus situated on the erroneous peddle. Please arrange." London Morning Post.
